

Vanier College Presents
**Navigating eClass:
A Session for Students**

Learn to navigate your way around eClass and use the common tools to support your learning and online experience.

Online activities such as course discussions within your courses/tutorials, turn-it-in assignments, quizzing, groupings and grades will be discussed along with accompanying tips and best practices.

A brief overview of Zoom in and out of eClass will be reviewed to provide students with an overall understanding of this videoconferencing tool.

The online eClass Help Centre will be referenced as a resource for you to obtain instructional information and how to request student IT support and help

Thursday, January 14, 2021

2:30-3:30pm

Register via Zoom:
